Edith Hausleitner and **Roland Humer** are a young team with long-time experience and an active entrepreneurial spirit. In this team, **pedagogical knowledge** meets **managerial know-how**, and professionalism meets solutions “off the beaten track”.

All our trainers are **native speakers** of the language they teach (German, English) or have lived in the respective country (English and other languages). Furthermore, they are **pedagogically trained** and **experienced in working with young people**.

According to the principles of “**Adventure Education**”, we create customised programmes that cater for the needs and learning targets of each individual group.

The Adventure of Learning Languages

Language camps applying “Adventure Education” –

Learn languages with all your senses

Language courses for young people in Austria
German and English as foreign languages

Student Groups

Language Camps for Young People

Learning languages while enjoying your holidays – that's possible. We offer **well-organised language camps in Austria** for students from **10 to 15 years** of age who want to (or need to) improve their language skills.

In our courses, you won't find conservative teaching methods but rather you'll find customised courses following the **principles of "Adventure Education"**. This method makes adventures and experiences the starting point of learning. Participants improve their language skills casually – while playing games and experiencing adventures.

On excursions, on the sports ground or in nature, our **experienced trainers** create learning situations that are fun for young people and motivate them to act and speak. To consolidate the newly acquired knowledge, we document it in writing.

We offer language camps not only during the summer holidays but also **throughout the school year**.

Languages offered:

- **German** as a foreign language
- **English** as a foreign language
- **Other languages** on request

Camp features:

- Language courses in groups of up to 15 people
- 24 / 7 care by qualified and experienced staff
- Two outings, e.g. to Vienna or Salzburg and to the zoo
- Extensive leisure and sports programmes
- Opera and museum visits (optional)
- Horse riding, tennis, fencing (optional)

At all language camps, food, accommodation and 24 / 7 care are available for those participants who stay at the course location.

For more information on our latest offers, please visit www.learningevents.at

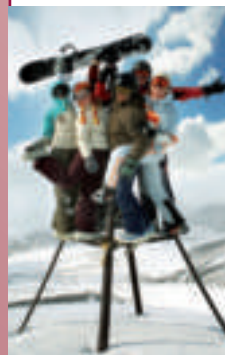

Student Groups

Each of our school trips is unique – and that makes them special! For student groups, we create **customised school trips** with top-quality language courses, dovetailed leisure programmes and accompanying relaxation and recreation programmes – completely following the wishes and ideas of our guests!

Some **ready-made packages** should inspire you to compose a school trip to Austria:

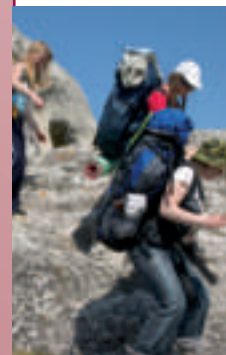

Language & Snow:

Language course on sports and tourism together with skiing and snowboarding courses, sledging, etc ...

Language & Mountains:

Language course focusing on cultural studies together with hiking, horse riding, rock climbing, etc ...

Language & Culture:

Language course on Mozart and music together with visits to museums, opera visits, meetings with artists, etc ...

Language & Business:

Language course on business topics together with company visits, meetings with managers, etc ...

Arrange your personal school trip using the following **components**:

Language course:

Topics, number of lessons, class size ...

Leisure:

Sports, mountains, culture, excursions, evening entertainment ...

Relaxation:

Accommodation, food, concerts, culinary treats, spa ...

Do you have other ideas? We will be happy to make them a reality!
